B. Special Problems

We have found it very difficult to obtain personnel from the Audio Aids Section to run films and tape record lectures for us during the present course and consequently had to reschedule films and lectures, and cancel some lecture recordings.

C. Miscellaneous Activities

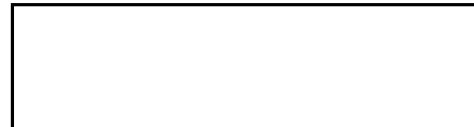

1. [ ] has completed the revision of the long-term course schedule for 1958-59. Several changes were made to accommodate the JOT program beginning in October. The IO will be offered three times in the Fall instead of four; however, an additional course will be run in July 1958.

2. [ ] have completed drafting a standard operating procedure for the handling of both the DD/S and DD/I Exhibits. This will be put into effect with the June, 1958 course.

3. [ ] has revised the material used in the Dissemination Problem, to include a [ ] and a cable. With these additions, the exercise will provide students with a more complete picture of the dissemination process.
